

Quick Connect - Features & Benefits

Beneficial Features - Meet your instant on-demand needs with our 24/7 reservationless service—with all of the meeting management features that you need to make meetings run smoothly and improve productivity.

Attendee Report

This report records check in times, and contact numbers.

Entry/Exit Tones and Name Announce

A participant's entrance or exit is marked by a specific tone to allow guests the ability to know who is joining or leaving the conversation.

Group Mute/Unmute

A simple command eliminates background distractions and interruptions

International Dialing

Expand your global reach with GAN's international conferencing solutions.

Lecture Mode

Silence all lines during the presentation to ensure no interruptions or excess noise.

Lock/Unlock

Prevent additional attendees to join your conference by locking your call.

Online Management

Moderator can control their meetings through Live Conference Viewer as well as manage their accounts online at portal.ganconference.com.

Operator Assistance

Press *0 on your phone keypad at any time during your call for operator assistance.

Phone Commands

With the touch of a button on your phone you have the ability to control your conference.

Recording/Replay or MP3

A digital recording is available for those who are unable to attend or would like to listen again.

Self Mute/Unmute

Participants have the ability to mute their own lines eliminating background noise.

Unique Pass Codes

Passcode entry with Host and Participant codes. Optional pin codes available to add security.

Conference Call Capacity

QuickConnect can handle calls with participants from 2 to 1000+.

Quick Connect Benefits - For any kind of meeting needed worldwide, GANC audio solutions give you on-demand availability, with a complete list of benefits to assist and improve your business productivity.

Branding

Personalize your conference greeting to focus on your business from the beginning of the call.

Convenience

Allows your presentation preparation to be on the content of your conference, instead of on the administrative details and technical aspects of the conferencing technology.

Easy to Use

No complex training needed and GANC employees will guide you through every step of the way.

Expert Care

A wide range of professional assistance, including skilled operators and concierge service.

Flexibility and Affordability

Local and International toll-free numbers allow many different ways to join the conference.

Improved Productivity

Allows for scheduled meetings to occur at any time without the travel costs.

Less Conference Call Clutter

Save time and money by streamlining the process your attendees use to join your conference.

Reservationless

Access an audio conference call on the fly. No reservations required—all you need to initiate a call is your Quick Connect dial-in number, and your conference code.

Security & Reliability

From the latest encryption technology and industry-leading conference security features, GANC provides the best level of security available in the industry.

Simple to Manage

Manage your conference with robust and intuitive features from start to finish.

Superior Usability

Multiple entry options to make it easy and understandable for all participants to enter the conference.

Live Customer Support

Available Assistance from a trained operator the entire duration of the call.

Easy and Affordable

No hidden charges or fees. You simply pay for what you use.
